Speaker(s): Councilman Todd K. Crandell – Baltimore County 7th District

Called at noon today and apologized that he would not be here tonight. Todd to come next month and bring Al Redmer.

Rodger Hayden provided an update on “Camp Opportunity” - 58 children went to camp. We need a new location for the size next year that can accommodate 200 possibly. Each child had their own counselor; however, we actually had 70. We are always looking to increase size of group (ages 8 to 12 years old). All volunteers but we hired our first 10 hours a week employee to help with administrative work. Eagle Nest sponsors a charity event once a year where ½ of events fundraising efforts will go to these children.

Al Redmer fundraising event flyer was handed out, September 7th, Eagles Nest country club at 6:45 -8:00 p.m.

School system thinks county executive runs the school system, not true. Pressure has been coming from wrong direction. Tables need to turn so responsibility is on School Board to stand up for the children. Reading, writing and arithmetic are necessary for a foundation. School Board elected positions will be on this year's ballot.

We need strong people in office, learn as much as possible about the candidates and choose wisely.

New Business:

- Concerns/rumor – Rose, Grammer and Salling was voicing concerns about the trail, location, design of trail and information out there is not enough to already have project out for a bid. What is wrong with running it along the railroad track? There is a petition at Todd's farm and things are starting to be stirred up.

Prayer Corner:

- **Mac McKemy's grandson was killed**, shot in city working and apparently not attended target. He was shot in the hand, head and chest.

Announcements:

- Think about what you want at Sparrows Point High School for our next meeting with Todd.
- Try to bring a friend to next month's meeting for a good attendance.
- Rodger is willing to meet prior to the meeting to put together an organized list. Perhaps Rodger will attend the next Board meeting on September 4th. **Pat will include in meeting notice**
- Member question for Officer Briggs, illegals creating more problems, illegals or immigrant creating the problems. We do not have any data to support that.
- Rose – participated in a drive through community for streetscape with public officials, the apartments were a great interest to politicians. Zoning should get involved, Rose said they were on the bus. Still make an official complaint; this would be useful per Officer Briggs.

Respectfully submitted
Patricia Carroll
